

SCHOLARSHIP FUNDS

We make it easy for you to start and maintain your own scholarship program. Fees for scholarship funds start at just \$21 a month. Below are steps you will take as you establish your scholarship fund:

- ▶ Name the fund anything you wish. Many of our donors choose to name their funds in honor of family members, former teachers or alma maters.
- ▶ The minimum amount required to open a scholarship fund is \$25,000. Contribute to your fund with tax-deductible gifts of cash, stock or other assets. Contributions can be made at any time, and others who wish to support your fund can also make tax-deductible contributions.
- ▶ Choose how contributions to your fund are invested. Your trusted financial advisor can manage your assets, or you can select a custom mix using one or more of our investment pools.
- ▶ Determine the scholarship criteria, including student eligibility, financial need and academic requirements, and the number of scholarships and amounts you will award annually. The minimum annual award for each recipient is \$1,000.
- ▶ Recommend a scholarship advisory selection committee to choose the recipients.

Our Services

We can work with you every step of the way as scholarships are awarded. Our services include:

- ▶ Assistance, if needed, determining scholarship criteria, designing the scholarship application, and working with the selection committee as they review applications and select recipients.
- ▶ Publishing scholarship details (requirements, deadlines, etc.) on our website, www.growyourgiving.org. Students submit applications electronically, and selection committee members review applications through an online scholarship portal.
- ▶ Verifying the eligibility of recipients before issuing checks.
- ▶ Providing instructions to the recipient and school or university involved in activating the scholarship.
- ▶ Processing all scholarship payments and award letters, and sending written denials to those who did not receive a scholarship.
- ▶ Maintaining records for the fund and a history of recipients.
- ▶ 24/7 access to your fund's activity through our online donor portal.

To set up your own scholarship fund, contact us at scholarships@growyourgiving.org or 816.627.3436.
