

WHO WE ARE

Now a leading provider of charitable giving services with an asset base of more than \$3 billion, the Greater Kansas City Community Foundation was established in 1978, with a mere \$210.25. Our founders believed that charitable giving should be the responsibility of many, not just a select few, and this innovative approach led the Community Foundation to become one of the largest and most entrepreneurial community foundations in the country.

In 2004, the Community Foundation created Greater Horizons to serve those who wish to use the Community Foundation's products and services with the flexibility of a non-geographic entity.

The Greater Kansas City Community Foundation and Greater Horizons make giving convenient and efficient for donors, helping them maximize their giving, simplify donations and contribute to the causes they love through donor-advised funds and other types of charitable giving accounts.
